

Message from the President

July 2018

Colleagues,

I am writing to personally invite you and your members to the upcoming *2018 WPA World Congress of Psychiatry in Mexico City, Mexico, 27-30 September 2018*.

This is the first WPA World Congress of Psychiatry of the new triennium and the first of what is now an annual meeting on the WPA events calendar. We have worked hard to ensure an interesting, relevant and timely program of high-calibre speakers from around the world. While the official language of the Congress will be English, we will also offer a dedicated stream in Spanish, and all plenary sessions and presidential symposia will be simultaneously translated between English and Spanish.

Colorful Mexico City will be our host, and visitors will quickly learn that in amongst this vibrant city full of contrasts, culture, traditions and food, one trait is common to all: the kindness of its people. Join us and share in the country's beauty and hospitality as we share knowledge and best practice with each other.

You can find information on the full Congress program [here](#).

It is important to WPA that our membership is well represented at this next World Congress. The program has been put together with you in mind and we thank you for your help in promoting it and encouraging your members to attend.

Yours sincerely

Helen Herrman AO
WPA President
